

TANK VIVEK

Rajkot, Gujarat • +91 99248***** • tankvivek65@gmail.com

SUMMARY

I'm a web developer focused on building clean, modern, and fully responsive websites. I work with React, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS to bring ideas to life. I use GitHub for version control and deploy projects on platforms like Vercel and Netlify. Currently, I'm expanding my skill set to transition into full-stack development while staying curious and passionate about learning new technologies.

PROFESSIONAL EXPERIENCE

Creative Insight IT Academy

Pursuing Full Stack Development Course (Frontend Completed)

- Gained strong expertise in front-end technologies including React.js, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS.
- Built and deployed responsive frontend projects using GitHub and Netlify.
- Strengthened problem-solving and debugging skills through hands-on frontend project work.
- Currently learning backend technologies including Node.js, Express.js, and MongoDB.
